Dear Sir : Being on the point of leaving the city. avail myself of a few idle moments to thank you kindly for the medicine you sent me, and \*hich has restored me to the use of my limbs. Having called on me on the 19th of April last, and seen me prostrated on my bed, useless in all my limbs, you can appreciate nea ly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forcible recommendations I should still have been in bed

It is really a pity this specific should not be approved by medical men, and like all patent drugs it should suffer the imputation the public generally give to such preparations. I my elf, who was all ways opposed to a patented specifis, took this medi-sine with reluctance, and without confidence in it, and it was only through your disinterested, friendly recommendations, and my critical situation that induced me to try this really beneficial Vegetable

LIVE TEMPERATE .- All who have a mind to live long and healthy and die without sickness of body or mind, must immediately begin to live temperately, for such a regularity keeps the humors of the body mild and sweet, and suffers no gross fiery vapors to ascend from the stomach to the head; hence the brain of him who lives in that manner enjoys such a constant serenity, that he is always perfeetly master of himself.
